

Dear Parents,

Throughout the school year, teachers occasionally videotape their students for various reasons, i.e., classroom performances, PET meetings, teacher evaluations, student performance assessments, etc. Furthermore we require parental permission prior to showing the video to any audience beyond the school.

We thank you in advance for signing and returning the permission slip as soon as possible. If you have any questions, please feel free to call the school office.

Sincerely,

Karen Boffa

Dear Parents,

Throughout the school year, children are often engaged in learning experiences outside the regular school setting, such as field trips or other outdoor learning experiences. These opportunities help make learning more meaningful for your child and add another important dimension to his/her education, namely, obtaining and using knowledge in the “real” world by taking advantage of our proximity to important cultural and natural resources.

School policy requires students to have parental permission prior to engaging in a school-sponsored field trip. Often times, permission slips have a difficult time finding their way back to school which creates a problem for students on the day of the field trip since they cannot participate without your expressed written permission. In an attempt to minimize this potential problem (as well as save paper!) we would like you to sign the “blanket” permission slip below which covers all field experiences for the school year which occur during regular school hours. Special permission will be sought for trips beginning earlier or ending later than the scheduled school day. You will still be notified of all out of school activities by the sponsoring teacher prior to the scheduled day.

Thanks in advance for your cooperation. If you have any questions please contact your child’s teacher.

Sincerely,

Karen Boffa

Please sign and return the permission slip to your child’s teacher a.s.a.p.. Thank you.
